

#### FUTURE

The CTS is the leading driver of interdisciplinary research, education and active exchange with society and business.

Vision

#### PRESENT

We foster diverse collaborations on key challenges facing society and support interdisciplinary, participatory, innovative research and knowledge transfer through networking and coordination.

Mission

#### PATH

The CTS focuses on interdisciplinary and intersectional exchange and promotes this through diverse collaboration, education and communication initiatives.

Strategy

#### BASIS

sustainable, interdisciplinary, open, together, progressive, diverse, critical

Values
